

## Pair Smart TV with OnlineToken TV View

1. Open Chrome or Firefox browser on Smart TV.  
**Note : Make sure your Smart TV is connected with Internet.**
2. Type <https://tinyurl.com/otcview> or <https://portal.onlinetoken.co/tv-waitlist?length=6>
3. It will open following the OnlineToken TV pairing page.

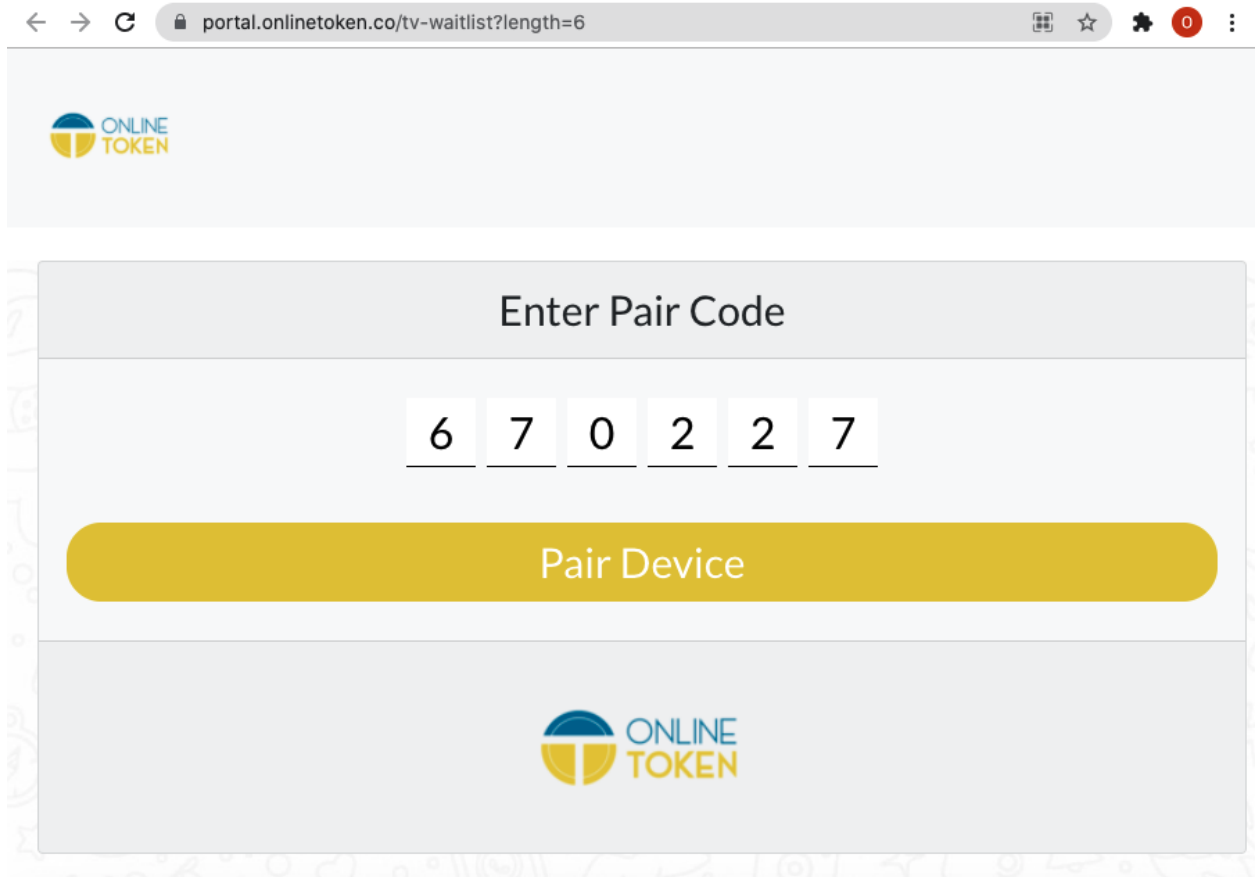

The screenshot shows a web browser window with the address bar displaying [portal.onlinetoken.co/tv-waitlist?length=6](https://portal.onlinetoken.co/tv-waitlist?length=6). The page content includes the OnlineToken logo in the top left corner. The main heading is "Enter Pair Code". Below the heading is a six-digit input field consisting of six empty boxes. A prominent yellow button labeled "Pair Device" is centered below the input field. The OnlineToken logo is also displayed at the bottom center of the page.

4. Now login to your OnlineToken Business Portal and click on “Pair a device”.

5. Type pair code in your Smart TV browser.

6. It will display the following after pairing TV with OnlineToken successfully.

Customer	Token Number	Queue	Status	Begin in (mins)
Virat	1	Doctor A	Hold	15
Rohit	2	Doctor A	Serving Now	30
Rahuk	3	Doctor A	Waiting	45
Shikhar	4	Doctor A	Waiting	60
Rajesh	5	Doctor A	Waiting	80
Ravi	6	Doctor A	Waiting	95
